Contributors and Their Contributions

Bug	Size	Description
Helen Beeken (gmail.com)		
101489	7.5K	[build] Resource files not always copied over to output folder in RAD patch containing testcase

Andrew Eisenberg (eisenberg.as)		
43711	15.7K	failure to clean the output folder Patch that cleans build folder when a prior build state cannot be found.
70774	25.2K	Possible changes for incremental compilation behaviour in the UI The suppress autobuilds option is no longer necessary
76146	2.3K	NPE using quickfix in Aspect opened with java editor Remodularized original patch.
93316	875	Add import glitch Commented out 2 lines of AJCompilationUnitProblemFinder
97080	6.1K	AJDT forces open Plugin.xml Editor / Build when enabling Aspect Nature With this patch, the manifest editor will be closed immediately after adding or removing AJ Nature (if it wasn't already open beforehand).
101489	12.5K	[build] Resource files not always copied over to output folder in RAD Remove resources marked as derived on project clean
115828	3.2K	problem deleting resources Changes to Enforcement aspect
119853	9.2K	Generate AJDoc wizard doesn't work on the Mac This patch fixes the hard coding of paths so that ajdoc can work on macs.
121810	11.5K	Dependent Project ITD not Picked Up tests that an ITD is correctly applied to a project from another project on its aspect path.
151730	1.4K	automatically show the Crosscutting Comparison in relevant perspectives Adds crosscutting comparison view to other perspectives
159867	9.7K	[editor] [navigation] Unable to navigate from "matches declare" into project on aspectpath This new patch overrides the old one and is a complete fix for the bug
166210	1.9K	Duplicate .aj files in Project Explorer patch to change plugin.xml so that it filters project explorer view
170043	12.5K	[build] Removing AspectJ nature shouldn't always remove aspectjrt.jar from libraries list Patch to confirm removal of dependency with tests
215518	4.4K	NullPointerException during export Patch that makes the build generator spit out a meaningful error if org.aspectj.ajde is not found.
233781	22.6K	Various fixes for test cases fixes some test cases

237979	285.0K	Support classpath containers for AspectJ specific paths Projects, variables, and containers can now be added to the inpath and aspect paths
237979	14.3K	Support classpath containers for AspectJ specific paths Allows projects to be in containers
238032	6.1K	Errors on projects from declare error is not preventing a launch Brings up warning on launch when workspace has declare error errors
240689	248.5K	Bug fixes and general refactoring for AJDT 1.5.3 release updated patch
244300	4.2K	[build] Error when project dependency has output in project root test projects needed for test case
244735	3.5K	An internal error occurred during: "Export Features". Final patch to fix bug
248677	11.1K	Mylyn AJDT bridge contributes "Focus Editor on Active Task" button to editor toolbars Patch that removes the folding icon from the menu when an aspectj editor is *not* active.
249881	10.6K	[incremental] Incremental compilation optimizations patch to fix failing tests on optimizations
251111	5.0K	Change in aspect path not being recorded from the project properties page patch to fix the regression
233777	188	AspectJ-Mylyn Structure and UI Bridges comment #8
239062	5	[reactivate34] Export Jar comment #1
244197	287	Updating build server to use headless builds on Eclipse 3.4 comment #8
Johan Fabry (dcc.uchile.cl)		
264008	61	Getting pointcut information from AdviceElement comment #1
Ivica Loncar (gmail.com)		
268667	4.3K	[plan] [3.5] [patch] Allow binary cycles in plugins with aspectj support patch that sets IBuildPropertiesConstants.PROPERTY_ALLOW_BINARY_CYCLES in generator
282391	106	UI support for "Support Binary Cycles" in feature export comment #1
285825	55	patch - ant build script export

		comment #1
288020	205	Export Eclipse product/plugin with AspectJ support requires AJDE comment #2
Jason Naylor (gmail.com)		
240234	9.2K	[ajdoc] Generate AJDoc command fails on projects with large number of files Patch to fix and enhance the ant task
David Pytel (gmail.com)		
278535	3.7K	EnsureAJBuilder.ensureNoJavaBuilder(..) disables APT Patch to ignore removing the Java builder if class file generation is disabled
Konstantin Titorenko (gmail.com)		
285188	183	declare error/warning produces marker on wrong resource comment #2
Neale Upstone (nealeupstone.com)		
271605	3.0K	[patch] NPE on exiting workbench Patch to check NPE and eliminate discouraged calls
Reto Urfer (pop.agri.ch)		
244735	1.4K	An internal error occurred during: "Export Features". Patch which concates install location and relative bundle location
Felix Velasco (gmail.com)		
245142	8.2K	There is no "Export Feature with AspectJ support" option AJFeature enabler
Kris De Volder (gmail.com)		
277055	142.7K	[plan] [refactoring] [itd] pull-out refactoring for creating ITDs Replacement patch: some UI tweaks
Dave Whittaker (iradix.com)		
292441	280	Compile problem not being recorded in the resource model and Eclipse thinks a project is fine when it really has errors comment #14
