270559	13	Autocomplete in @var comment #1
Toshihiro Izumi (yahoo.co.jp)		

204066	466	i18n function descriptions comment #0
204066	254	i18n function descriptions comment #2
204066	430	i18n function descriptions comment #3
204066	230	i18n function descriptions comment #5
204066	124	i18n function descriptions comment #7
204391	50	Arrays and Expression View comment #2
247630	438	Block comment: input // inner comment #5
255806	41	Code Style page in project preferences needs to be changed comment #1
257685	44	[regression] Run/Debug configuration - PHP Script - "PHP Script arguments" tab - Unknown error comment #1
258429	41	Bracket count is broken due to reg exp - preg_match (auto parenthesis addition is broken) comment #2
258753	854	Can't delete closed project comment #4
258909	193	The user cannot remove folders from include path in PHP Explorer comment #2
261762	309	'Close Project' makes error log comment #0
261762	59	'Close Project' makes error log comment #1
262724	39	Outline view is not refreshed in case errors were fixed in the editor comment #1
267361	41	Encoding Settings are not checked in PHP Debug Preferences comment #1
276312	44	org.eclipse.php.internal.ui.actions.ReorgMoveAction throws class cast exception comment #2
276877	41	Outline view is not refreshed when an attribute was added comment #3

277258	56	Project properties "PHP Debug" doesn't show project specific settings comment #0
277258	48	Project properties "PHP Debug" doesn't show project specific settings comment #1
284749	44	@var parsing problems comment #1
284749	193	@var parsing problems comment #4
284820	424	Generate Element Comment after line comment makes bad result comment #0
285805	41	Generate Element Comment does not read type hints correctly comment #1
Kalin (zend.com)		
279249	532	PHP project wizard doesn't show the new added folders in build path comment #0
Markus Keller (ch.ibm.com)		
294581	168	Duplicate code templates + polluted with PHP entries comment #2
294581	353	Duplicate code templates + polluted with PHP entries comment #5
294581	112	Duplicate code templates + polluted with PHP entries comment #6
294581	677	Duplicate code templates + polluted with PHP entries comment #9
294581	783	Duplicate code templates + polluted with PHP entries comment #11
Seva Lapsha (gmail.com)		
311994	434	Eclipse Bug #302705: Enable "Show additional compare information in the status line" by default comment #0
311994	67	Eclipse Bug #302705: Enable "Show additional compare information in the status line" by default comment #1
Pavel Petrochenko (onpositive.com)		
276312	183	org.eclipse.php.internal.ui.actions.ReorgMoveAction throws class cast exception comment #0
276312	64	org.eclipse.php.internal.ui.actions.ReorgMoveAction throws class cast

		exception comment #1
276316	152	org.eclipse.php.internal.ui.actions.OpenTypeHierarchyAction throws NullPointerException exception during update() comment #0
Jacek Pospychala (zend.com)		
254717	158	Using \${interpreter} in a template fails comment #1
259956	134	(Code Templates) Insert Variables dialog not implemented comment #2
291447	195	Adapt PDT to Athena Common Build Infrastructure comment #0

247630	430	Block comment: input // inner comment #6
253191	238	[regression] Untitled PHP Document was immediately saved using Ctrl+S, without confirmation dialog about parent folder comment #1
253191	80	[regression] Untitled PHP Document was immediately saved using Ctrl+S, without confirmation dialog about parent folder comment #2
253191	79	[regression] Untitled PHP Document was immediately saved using Ctrl+S, without confirmation dialog about parent folder comment #4
253191	86	[regression] Untitled PHP Document was immediately saved using Ctrl+S, without confirmation dialog about parent folder comment #5
258264	229	extra * added to editor after adding php-doc

		comment #1
258264	172	extra * added to editor after adding php-doc comment #2
258264	63	extra * added to editor after adding php-doc comment #4
258264	47	extra * added to editor after adding php-doc comment #5
260957	88	Code assist shows duplicate methods if they are part of interface comment #1
265182	5.2K	New PHP Project Wizard Next Button disabled comment #0
265182	69	New PHP Project Wizard Next Button disabled comment #1
265254	89	ini file generation utility in project scope and simple php file execution utility methods comment #0
265254	81	ini file generation utility in project scope and simple php file execution utility methods comment #1
265254	79	ini file generation utility in project scope and simple php file execution utility methods comment #2
265254	24	ini file generation utility in project scope and simple php file execution utility methods comment #4
267536	261	[External File] As you type validation doesn't work comment #0
267536	209	[External File] As you type validation doesn't work comment #1
272817	426	[Code Assist] Request for extension - modifying type declaration flags during the build process comment #0
272817	7	[Code Assist] Request for extension - modifying type declaration flags during the build process comment #2
273816	7.6K	exception thrown when opening external file, or untitled document, file from included library comment #0
273816	158	exception thrown when opening external file, or untitled document, file

		from included library comment #1
273816	158	exception thrown when opening external file, or untitled document, file from included library comment #2
279249	537	PHP project wizard doesn't show the new added folders in build path comment #1
280164	239	[Code Assist] Static methods/fields are not proposed comment #1
280164	65	[Code Assist] Static methods/fields are not proposed comment #2
Flo Schuessel (gmail.com)		
259956	240	(Code Templates) Insert Variables dialog not implemented comment #0
Stefan (gmail.com)		
312151	87	PHPCorePlugin_initializingPHPToolkit comment #0
Silviya Tancheva (zend.com)		
254717	291	Using \${interpreter} in a template fails comment #0
254717	53	Using \${interpreter} in a template fails comment #4
255806	433	Code Style page in project preferences needs to be changed comment #0
255806	19	Code Style page in project preferences needs to be changed comment #3
259956	39	(Code Templates) Insert Variables dialog not implemented comment #6
260073	152	Include Files by drag and drop lost comment #3
276312	56	org.eclipse.php.internal.ui.actions.ReorgMoveAction throws class cast exception comment #6
277589	40	php feature should NOT require org.eclipse.wst comment #4
285805	170	Generate Element Comment does not read type hints correctly comment #4
291874	359	[PHP 5.3] CA does not add a namespace alias prefix to the completion

		the 2nd time comment #0
291874	26	[PHP 5.3] CA does not add a namespace alias prefix to the completion the 2nd time comment #3
292420	249	Enhancement patch - Debug through SSH tunnel comment #5
301670	537	Create a new file using the name of previously existing file -> the new file is not empty comment #0
310090	35	Adapt to DLTK API change CompletionProposal.setParameterNames(char[][]) to String[] comment #4
Tom Walter (gmail.com)		
285805	678	Generate Element Comment does not read type hints correctly comment #0
Q.S. Wang (zend.com)		
251074	485	"Open Declaration" is duplicated in Navigate menu comment #4
251074	113	"Open Declaration" is duplicated in Navigate menu comment #5
251677	56	error in log when using php5 syntax with php4 project comment #2
251677	38	error in log when using php5 syntax with php4 project comment #3
256585	60	[regression - Usability] php files are sorted irrespectively of other types of files (css, html, XML) in the project comment #3
256585	91	[regression - Usability] php files are sorted irrespectively of other types of files (css, html, XML) in the project comment #4
256908	65	[regression] Source -> Format is duplicated in php Explorer context menu comment #4
256908	65	[regression] Source -> Format is duplicated in php Explorer context menu comment #5
264630	458	Added creating project in local php server comment #0

264630	44	Added creating project in local php server comment #1
264630	15	Added creating project in local php server comment #3
264630	66	Added creating project in local php server comment #4
264630	42	Added creating project in local php server comment #5
265266	181	Added a unique ID to the CompositeFragment class comment #0
265266	59	Added a unique ID to the CompositeFragment class comment #1
265266	6	Added a unique ID to the CompositeFragment class comment #3
267321	182	ID Constant of PHPCodeTemplatePreferencePage is wrong comment #0
267321	45	ID Constant of PHPCodeTemplatePreferencePage is wrong comment #1
268072	207	Generated source code is wrong comment #0
268072	45	Generated source code is wrong comment #1
268072	6	Generated source code is wrong comment #3
268270	121	New implementation of the PHPClassEvaluator comment #0
268270	200	New implementation of the PHPClassEvaluator comment #1
269302	327	Add comments as a child property of Method declaration comment #0
269302	45	Add comments as a child property of Method declaration comment #1
270203	106	Enhance the PhpElementConciliator comment #0
270203	45	Enhance the PhpElementConciliator comment #1
270203	24	Enhance the PhpElementConciliator comment #3

270203	45	Enhance the PhpElementConciliator comment #4
270203	25	Enhance the PhpElementConciliator comment #5
270203	9	Enhance the PhpElementConciliator comment #6
270203	17	Enhance the PhpElementConciliator comment #7
270203	45	Enhance the PhpElementConciliator comment #8
270707	92	The equals method of TypeBinding is wrong comment #0
270707	41	The equals method of TypeBinding is wrong comment #1
270707	45	The equals method of TypeBinding is wrong comment #2
270707	6	The equals method of TypeBinding is wrong comment #4
272279	160	Add PHP Default PHPPartitionType to PHPStructuredTextPartitioner comment #0
272279	45	Add PHP Default PHPPartitionType to PHPStructuredTextPartitioner comment #1
272279	231	Add PHP Default PHPPartitionType to PHPStructuredTextPartitioner comment #3
272279	45	Add PHP Default PHPPartitionType to PHPStructuredTextPartitioner comment #5
272279	6	Add PHP Default PHPPartitionType to PHPStructuredTextPartitioner comment #7
272420	89	Support _GLOBALS key word in OccurrenceFinder comment #0
272420	45	Support _GLOBALS key word in OccurrenceFinder comment #1
272420	6	Support _GLOBALS key word in OccurrenceFinder comment #3
272423	165	skip empty ListNode in traverse method of TypeDeclaration comment #0
272423	45	skip empty ListNode in traverse method of TypeDeclaration comment #1

272423	421	skip empty ListNode in traverse method of TypeDeclaration comment #3
272423	45	skip empty ListNode in traverse method of TypeDeclaration comment #4
272423	758	skip empty ListNode in traverse method of TypeDeclaration comment #6
272423	239	skip empty ListNode in traverse method of TypeDeclaration comment #8
272423	41	skip empty ListNode in traverse method of TypeDeclaration comment #10
272423	6	skip empty ListNode in traverse method of TypeDeclaration comment #11
272629	125	Enhance the PhpElementConciliator to search existing class memeber comment #0
272629	45	Enhance the PhpElementConciliator to search existing class memeber comment #1
273528	49	Refactoring the PDT move action comment #0
273528	41	Refactoring the PDT move action comment #1
273528	448	Refactoring the PDT move action comment #2
273528	6	Refactoring the PDT move action comment #4
275099	236	Enhance the QuickAssistLightBulbUpdater for non-editor case comment #0
275099	41	Enhance the QuickAssistLightBulbUpdater for non-editor case comment #1
David M Williams (us.ibm.com)
