Contributors and Their Contributions

Bug	Size	Description
Sabine Achilles (compeople.de)		
273031	10.4K	Make UIControlsFactory compatible with the use of SWT Designer 7.0 Changes in the UIControlsFactory to work with SWT Designer 7.0
274494	2.2K	Add missing Methods for Tree and Table to UIControlsFactory Added Tree and Table to the UIControlsFactory
275623	3.5K	The Parameter "caption" in the UIControlsFactory should be renamed to "text" Renaming "caption" to "text"
278828	8.7K	Invalid Icon after adding/removing SubModuleNodes patch
289458	7.2K	Validators added to a Ridget does not always works correctly Patch with tests
Aleksey Aristov (weiglewilczek.com)		
284012	84.4K	Remote Service Wizard complete project

Stefan Flick (compeople.de)		
242708	8.7K	enhance PresentationProviderService The patch file
243173	32.6K	add navigation history and related stuff Patch file with code enhancements
243324	15.5K	refactoring navigation node creation API, introduce NavigationArgument, overrule extension point parameter NavigationNodePresentation parentPresentationId at runtime patch file with enhancements
243554	55.9K	Refactor navigation namings and extension points patch with changes
243714	14.0K	add navigation history to example menu and toolbar patch file
244282	7.4K	renaming internal API respecting the new extension point types patch file
244575	4.5K	add possibility to navigate to a specific node the patch file
244714	2.4K	add accessor methods to INavigationNodeId patch file
245119	16.3K	add possibility to navigate asynchronous replacement for the first patch attachment
256733	63.4K	New Project with common UI classes and interfaces patch with the structure changes
270603	4.4K	Riena extension points must respect translatable attributes. translateable attribute for assembly extension point
Holger Hoch (compeople.de)		
254705	14.8K	controller/view definition should be possible within navigationNode definition, not only subModule definition changes to navigation nodes and providers
254893	82.8K	extension point "org.eclipse.riena.navigation.subModule" should be removed configuration w/o org.eclipse.riena.navigation.subModule (incl. examples)
255335	18.5K	refactor viewbuilders, viewproviders and node builders workarea plugin project (required for patch)
255335	153.4K	refactor viewbuilders, viewproviders and node builders patch implmenting the proposed changes (incl. examples)
255486	53.8K	WorkareaManager registries should be contributed via services implementation of the described functionality

[255765](#)	7.1K	Should provide ability to use different extension point for navigation and workarea definition make extension point configurable
[255782](#)	11.6K	IModuleNodeExtension.getCloseable() wrong behaviour applies changes from description
[255942](#)	18.6K	Lables defined in navigation assemblies should have access to current node and navigation argument via variables implementation of proposed enhancement
[256077](#)	1.1K	submodule element in extension point "org.eclipse.riena.navigation.assemblies" should restrict view definition to existing view id adds to submodule/@view definition
[256255](#)	51.5K	Means to find navigation assembler for specific target required adds and uses INavigationAssembler>acceptsToBuildNode
[256438](#)	50.2K	Riena examples should not use explictit reference to SwtViewProvider cleanup SwtViewProvider (methods and usage)
[256750](#)	48.3K	Extension point 'org.eclipse.riena.navigation.assemblies' should respect subapplications implements subapplication creation and autostart
[256750](#)	9.8K	Extension point 'org.eclipse.riena.navigation.assemblies' should respect subapplications missing changes from patch 1
[257165](#)	41.6K	navigation context objects should be accessible via key (-> change context model from object to map) implements proposed changes
[257191](#)	978	InterfaceBeanHandler should provide a means to access the configuration element patch implementing proposed behavior
[257359](#)	37.5K	should be able to reference assemblies contributed elsewhere implementation of assemblyref, foreach and instanceId
[257541](#)	11.2K	Method IModuleNode>>isCloseable should be renamed - the english word is 'closable' renames (hopefully) all occurences of closeable => closable
[257909](#)	3.6K	org.eclipse.riena.navigation.assembly.exsd needs cleanup schema cleanup
[258321](#)	1.0K	Why do Views have to be shared Views ? shared view fix
[259478](#)	969	creating executable extensions not possible via element definitions when using extension interfaces patch for InterfaceBeanHandler

Steffen Kriese (compeople.de)		
282294	3.9K	UIProcess: Unwanted ProcessDialog after switching to another subapp Patch for UIProcessRidget
283501	1.4K	Additional hooks in SubModuleView for creating the PartControl Additional hooks in SubModuleView (createWorkarea, afterBasicCreatePartControl)
283835	4.5K	Not all items in a Combobox are shown, if one item is null Added improved Patch + Testcase
284547	6.1K	CompositeTableRidget: bindToModel method with listHolder throws NullpointerException Fix for the NullPointerException + TestCase
286214	16.5K	DialogView can not be edited with SWT-Designer Patch to make DialogView editable with SWT-Designer + Testcase
286214	4.4K	DialogView can not be edited with SWT-Designer Modifications for LoginDialog so SWT-Designer can parse it
286629	33.7K	Disable/Enable LabelRidget when its corresponding TextRidget enabled-State changes Implementation + TestCase + Update for Riena ExampleClient
289196	6.3K	DateText should not show an ErrorMarker if no value was entered Patch + TestCase
289359	6.5K	MasterDetailComposite: BindingProperty Controls don't get registered Patch + TestCase + Update for SWT-ExampleClient
289477	16.8K	Add Support for CCombo Patch + Sample for the SWT Example Client
289652	1.0K	Navigation: Module with non-selectable SubModule cannot be closed (exception) Patch
292992	44.8K	Improve Javadoc in UI and Navigation Patch with improved Javadoc
Florian Pirchner (gmail.com)		
272569	163.1K	Custom ITraverseRidget The new patch
272984	35.7K	Custom Link and BrowserRidget fragment with new copyrights
Artur Schmidt (compeople.de)		
288041	1.5K	UIProcess should handle exception in runJob Patch to forward exceptions to the exception handler manager
Nataliya Sinkevych (compeople.de)		

281474	67.8K	Riena Sample Enhancement Riena Demo patch
282534	33.9K	addSelectionListener(...) for table, list, tree and tree table the updated tests
282878	12.4K	Missing SelectionListener on ISingleChoiceRidget Patch: addSelectionListener in MultipleCoice and SingleChoice ridgets
