Bug	Size	Description		
James K	James Kaufman (almaden.ibm.com)			
178807	1.7K	The Stochastic Disease Models are not available in the new Disease		

		Model Wizard Update to plugin.xml to plug in stochastic diseases
<u>181860</u>	38.7K	Most Geographic names are all UPPERCASE Revised letter S country names
183018	6.1K	Many/most physical containment relationships for countries are missing Containment data for Thailand
183018	1.3M	Many/most physical containment relationships for countries are missing Containment Data for World
184504	5.3K	The string "NEWFOUNDLAND" is used as a ISO-3166-2 code newfoundland id patch
186043	24.9K	Stochastic disease model needs to be modeled explicitly stochastic model and tests in progress
186043	13.6K	Stochastic disease model needs to be modeled explicitly Stochastic Disease Model and tests
<u>186255</u>	15.4K	Bug in computation of Standard Disease Models, possible underflow for extreme parameters Corrects bug with transitions computed independant of deaths
<u>186255</u>	15.0K	Bug in computation of Standard Disease Models, possible underflow for extreme parameters Faster more efficient code. Same fix
<u>186255</u>	39.5K	Bug in computation of Standard Disease Models, possible underflow for extreme parameters Additional Fixes to disease logic
<u>188389</u>	92.6K	User Doc: Creating a new disease tutorial is not written Example New Disease Model Package
<u>188389</u>	3.7K	User Doc: Creating a new disease tutorial is not written Standalone user doc for disease
<u>188389</u>	33.3K	User Doc: Creating a new disease tutorial is not written figure 1
<u>188389</u>	27.7K	User Doc: Creating a new disease tutorial is not written figure 2
<u>188391</u>	3.1K	User Doc: Creating a new Graph tutorial is not written. Graphs Stand alone - no figures
<u>188393</u>	3.0K	User Doc: Creating a new Model tutorial is not written. Model Stand alone
<u>188393</u>	2.4K	User Doc: Creating a new Model tutorial is not written. figure 1
<u>188393</u>	32.2K	User Doc: Creating a new Model tutorial is not written. figure 2

<u>188396</u>	10.6K	User Doc: Creating a new Scenario tutorial is not written. Scenario standalone
188396	48.5K	User Doc: Creating a new Scenario tutorial is not written. figure 1 of 1
188398	6.7K	User Doc: Creating a new Project tutorial is not written. project stand alone
188398	2.1K	User Doc: Creating a new Project tutorial is not written. figure 1
188398	55.4K	User Doc: Creating a new Project tutorial is not written. figure 2
188398	20.1K	User Doc: Creating a new Project tutorial is not written. Figure 3
188398	6.9K	User Doc: Creating a new Project tutorial is not written. New Project Standalone replaces patch #1
188400	3.1K	User Doc: Creating a new Sequencer tutorial is not written. sequencer stand alone
188400	48.5K	User Doc: Creating a new Sequencer tutorial is not written. figure 1
188402	4.0K	User Doc: Creating a new Infector tutorial is not written. infector stand alone
188402	2.1K	User Doc: Creating a new Infector tutorial is not written. figure 1 of 2
188402	34.3K	User Doc: Creating a new Infector tutorial is not written. figure 2 of 2
188402	4.5K	User Doc: Creating a new Infector tutorial is not written. Correct Patch for Infector Stand alone (attachement #1 is file not patch)
<u>197346</u>	1.8K	MapView Colors do not use full dynamic range. This resolves the color dynamic range bug
<u>198033</u>	2.6K	Must have a Maximum Gain parameter and assertion to bound the noise level in any stochastic model Patch 1 of 2 that must be applied together to fix this bug.
<u>198033</u>	20.4K	Must have a Maximum Gain parameter and assertion to bound the noise level in any stochastic model Patch 2 of 2 that must be applied together to fix this bug
<u>198033</u>	1.1K	Must have a Maximum Gain parameter and assertion to bound the noise level in any stochastic model Replaces Patch 2 of 2
<u>198033</u>	2.6K	Must have a Maximum Gain parameter and assertion to bound the noise level in any stochastic model

		Patch 1 saved as a patch format
<u>198593</u>	1.0K	TEST_GAIN constant in StochasticSEIRDiseaseModelTest is too large Changed TEST_GAIN to valid value
<u>198847</u>	24.6K	Need Implementation of Stochastic SIR model and tests New Stochasting SIR and SI implementations patch 1 of 2
<u>198847</u>	44.5K	Need Implementation of Stochastic SIR model and tests Tests for New Stochastic Models SIR and SI. Patch 2 of 2
<u>198848</u>	2.0K	DiseaseModelTestUtil.closeEnough() should not have hard coded Tollerance Patch for tollerance
<u>199329</u>	14.7K	Need more than one single foreground color so different labels automatically show up in different colors MultiColor Preference Patch
<u>199329</u>	36.9K	Need more than one single foreground color so different labels automatically show up in different colors This patch #2 resolvest this bug
<u>199329</u>	35.5K	Need more than one single foreground color so different labels automatically show up in different colors enables multicolor mulitvar display
<u>200889</u>	3.2K	Javadoc wrong attribute in LavelValueTest classes Patch to fix javadoc
200890	3.5K	Plug in Stochastic Models - Need to add extension Plugs in stochastic models
<u>203858</u>	9.7K	BIRT report view doesn't stop displaying when the coresponding simulation is stopped Cleans up reports on end of simulation
<u>203858</u>	12.4K	BIRT report view doesn't stop displaying when the coresponding simulation is stopped better
<u>203858</u>	18.2K	BIRT report view doesn't stop displaying when the coresponding simulation is stopped Final Fix complete
<u>203858</u>	18.8K	BIRT report view doesn't stop displaying when the coresponding simulation is stopped Really final - cleaned up warnings
<u>203858</u>	19.9K	BIRT report view doesn't stop displaying when the coresponding simulation is stopped Fixes to initialization
203861	17.2K	BIRT report view doesn't allow multiple plots of selected properties.

		Shows all properteis in the time series display
<u>203861</u>	19.8K	BIRT report view doesn't allow multiple plots of selected properties. Stand Alone Time series Patch
<u>204482</u>	2.2K	Colors in Multicolor display are all broken mapColorPatch
<u>204483</u>	6.8K	Time Delay for Graphics should allow float or double values (delays of fraction of second) Changes time delay units and all default values to MILLISECS
<u>204483</u>	1.9K	Time Delay for Graphics should allow float or double values (delays of fraction of second) Patch 2 of 2: This second SVN GE patch should be committed AFTER applying patch in attachement #1
<u>205104</u>	47.2K	Need phase space display and multiple axis propertySelector Phase Space view
<u>205104</u>	53.5K	Need phase space display and multiple axis propertySelector Integration with Preference.
<u>205104</u>	55.0K	Need phase space display and multiple axis propertySelector Fixed typo
<u>205104</u>	64.3K	Need phase space display and multiple axis propertySelector Multiple bug fixes
205104	67.4K	Need phase space display and multiple axis propertySelector Report view (chart) now uses a list of properties to display
<u>205104</u>	77.1K	Need phase space display and multiple axis propertySelector Report (Time Series) view shows all properties in full color
<u>205104</u>	77.7K	Need phase space display and multiple axis propertySelector Dynamically Add new lines as needed
<u>205104</u>	78.0K	Need phase space display and multiple axis propertySelector Now Shows the appropriate number of property selection combos
<u>205104</u>	78.0K	Need phase space display and multiple axis propertySelector Fixed bug caused in map selector
205104	37.3K	Need phase space display and multiple axis propertySelector Standalone Phase Space View Patch
<u>205104</u>	45.5K	Need phase space display and multiple axis propertySelector New Standalone phase space patch
<u>205746</u>	1.0K	Property Selector needs unique name or unique ID Added String id to PropertySelector
<u>206915</u>	61.5K	Display Multiple Report views Displays charts. Issue still on remove.

206915	62.1K	Display Multiple Report views This displays multiple views, add by click (adds to preferences)
206915	111.3K	Display Multiple Report views Added Phase Space charts and refactored
206915	111.4K	Display Multiple Report views Cleaned up warnings and JavaDoc
208129	3.8K	Report Views do not dispose correctly Fixes bug
208279	15.8K	Report Views should use Mementos to Perist state Preferences Implemented As Dialog Setting
208464	6.1K	Time Series view doesn't work with built-in Thailand Scenario Containment data for Thailand
208632	179.7K	Need documentation for Report Views Documentation for Report Views
208632	449.7K	Need documentation for Report Views New patch for both Report View and Scenario tutorial
208650	216.2K	Need Scenario Tutorial Documentation Scenario Tutorial Documentation
<u>208684</u>	3.7K	Property Selector for PhaseSpaceView needs to set to default X,Y Labels when possible First try - not quite there
208684	4.1K	Property Selector for PhaseSpaceView needs to set to default X,Y Labels when possible Correctly fires PropertySelectionEvent on Success
208769	4.8K	Phase Space View plot axies are not labeled. Adds axis labels to phase space plot
208769	739	Phase Space View plot axies are not labeled. missing file messages.properties in this patch
<u>208789</u>	1.6K	Clicking on objects in the Designer perspective creates invalid Report Views FIlter for Nodes only. Fixes problem with Designer objects creating reports
208832	610.5K	USER DOC consolidate Tutorial Bug Consolidated Tutorials Patch
208832	239.2K	USER DOC consolidate Tutorial Bug All Images (jpg) for Tutorials
<u>208832</u>	771.7K	USER DOC consolidate Tutorial Bug New Consolidate Patch Documents advance disease model plugin as well

208832330.4KUSER DOC consolidate Tutorial Bug New consolidate images include advance example as well2090946.0KChartException in Time Series view reset data patch20935214.7KNeed utility to find containment relationships for world Utility to find containment relationships for world2093601.5KExample disease model parameters should not be hard coded Removed hardcoded parameters211153207.9KExample Disease model needs refactor and regeneration of emf model Patch resolves this bug21115398.2KExample Disease model needs refactor and regeneration of emf model Fixes bug with Editor and makes Impl class public2111536.0KExample Disease model needs refactor and regeneration of emf model same as above but without presentation package2111835.4KTime series display has time steps as x axis Patch adds correct axis label based on actual sequencer time delta21123544.1KNeed better Color Scheme for Time Series View Patch improves Time Series Color Scheme2123551.3KDefault Initialization of all Report Views brings up too many graphs or charts on startup when running a continent scenario Fixes Default Initialization of all Report Views2123569.2KNeed better documentation on Wiki for using EMF to create a new Disease Model from scratch EMF how to step by step text2123591.4KReed better documentation on Wiki for using EMF to create a new Disease Model from scratch EMF how to step by step text2123591.4KReed better documentation on Wiki for using EMF to create a new Disease Model from scratch EMF how to step by step te			
2009046.0Kreset data patch20935214.7KNeed utility to find containment relationships for world Utility to find containment relationships for world2093601.5KExample disease model parameters should not be hard coded Removed hardcoded parameters211153207.9KExample Disease model needs refactor and regeneration of emf model Patch resolves this bug21115398.2KExample Disease model needs refactor and regeneration of emf model same as above but without presentation package2111536.0KExample Disease model needs refactor and regeneration of emf model same as above but without presentation package21118365.4KTime series display has time steps as x axis Patch adds correct axis label based on actual sequencer time delta2118365.0KTime series display has time steps as x axis New patch eliminats warnings2123544.1KNeed better Color Scheme for Time Series View Patch improves Time Series Color Scheme2123551.3KDefault Initialization of all Report Views brings up too many graphs or charts on startup when running a continent scenario Fixes Default Initialization of all Report Views2123551.4KDefault Initialization of all Report Views brings up too many graphs or charts on startup when running a continent scenario recreated patch after synching with new changes2123569.2KItemProviderFactories hard coded in DiseaseModelPropertyEditor Temporary Patch for Research disease model2123669.2KItemProviderFactories hard coded in DiseaseModelPropertyEditor Temporary Patch including Manifest2127892.2KIte	<u>208832</u>	330.4K	-

2123543.7Krecreated patch after resynch2123551.3KDefault Initialization of all Report Views brings up too many graphs or charts on startup when running a continent scenario Fixes Default Initialization of all Report Views2123551.4KDefault Initialization of all Report Views brings up too many graphs or charts on startup when running a continent scenario recreated patch after synching with new changes2123551.4KDefault Initialization on Wiki for using EMF to create a new Disease Model from scratch EMF how to step by step text2127891.5KItemProviderFactories hard coded in DiseaseModelPropertyEditor remporary Patch for Research disease model2127892.2KItemProviderFactories hard coded in DiseaseModelPropertyEditor new Temporary Patch including Manifest2129061.7KRelative Value History Provider has hardcoded limit to maximum time entries Patch removes hardcode time log limit	<u>212354</u>	4.1K	
2123551.3Kcharts on startup when running a continent scenario Fixes Default Initialization of all Report Views2123551.4KDefault Initialization of all Report Views brings up too many graphs or charts on startup when running a continent scenario recreated patch after synching with new changes2123569.2KNeed better documentation on Wiki for using EMF to create a new Disease Model from scratch EMF how to step by step text2127891.5KItemProviderFactories hard coded in DiseaseModelPropertyEditor Temporary Patch for Research disease model2127892.2KItemProviderFactories hard coded in DiseaseModelPropertyEditor new Temporary Patch including Manifest2129061.7KRelative Value History Provider has hardcoded limit to maximum time entries Patch removes hardcode time log limit	<u>212354</u>	3.7K	
2123551.4Kcharts on startup when running a continent scenario recreated patch after synching with new changes2123569.2KNeed better documentation on Wiki for using EMF to create a new Disease Model from scratch EMF how to step by step text2127891.5KItemProviderFactories hard coded in DiseaseModelPropertyEditor Temporary Patch for Research disease model2127892.2KItemProviderFactories hard coded in DiseaseModelPropertyEditor new Temporary Patch including Manifest2129061.7KRelative Value History Provider has hardcoded limit to maximum time entries Patch removes hardcode time log limit	<u>212355</u>	1.3K	charts on startup when running a continent scenario
2123569.2KDisease Model from scratch EMF how to step by step text2127891.5KItemProviderFactories hard coded in DiseaseModelPropertyEditor Temporary Patch for Research disease model2127892.2KItemProviderFactories hard coded in DiseaseModelPropertyEditor new Temporary Patch including Manifest2129061.7KRelative Value History Provider has hardcoded limit to maximum time entries Patch removes hardcode time log limit	<u>212355</u>	1.4K	charts on startup when running a continent scenario
2127891.5KTemporary Patch for Research disease model2127892.2KItemProviderFactories hard coded in DiseaseModelPropertyEditor new Temporary Patch including Manifest2129061.7KRelative Value History Provider has hardcoded limit to maximum time entries Patch removes hardcode time log limit	212356	9.2K	Disease Model from scratch
212789 2.2K new Temporary Patch including Manifest 212906 1.7K Relative Value History Provider has hardcoded limit to maximum time entries Patch removes hardcode time log limit	<u>212789</u>	1.5K	
212906 1.7K entries Patch removes hardcode time log limit	<u>212789</u>	2.2K	
213656 6.5K Need user tutorial for composing a new graph	212906	1.7K	entries
	213656	6.5K	Need user tutorial for composing a new graph

		patch contains html for tutorial on creating a new graph
<u>213656</u>	130.4K	Need user tutorial for composing a new graph Images required for tutorial patch
215104	58.0K	Need better mathematics in built in Disease models Fixes math, mixing math, tests, and javadoc
215104	63.8K	Need better mathematics in built in Disease models Replaces first patch
<u>215105</u>	6.8K	Time Series Report should get constants from STEMTime.Units Resolves this bug
<u>215106</u>	1.9K	Disease Messages missing for stochastic models patch adds missing nls strings
<u>215147</u>	4.8K	RandomGeneratorPropertyDescriptor should not appear in the new disease Wizard This patch resolves the bug. Only apply this AFTER patching 215104
<u>216363</u>	1.0K	User must be able to set PhysicallyAdjacentInfectiousProportion for a disease model Puts physicallyadjacent infectious proportion back in the disease editors
<u>216363</u>	1.7K	User must be able to set PhysicallyAdjacentInfectiousProportion for a disease model Added missing NLS
216480	18.1K	Build in diseases have incorrect parameters and are missing the new parameter to define Reference_Population_Density Better parameter for Built in diseases, adds the new parameter to define Reference_Population_Density
<u>217729</u>	2.7K	Unused code in Report view classes Patch removes unused code
220451	867	Record.java parsing of Admin level is too sensitivie to white space Patch resolves bug
<u>220468</u>	80.1K	Need infrastructure to define edges and labels for road transportation networks Road Transportation infrastructure and tests
222078	78.8K	Need export utility to CSV File Checked in New Project to address this bug. See Attachment
222087	951	CSV Logger populatveView() needs to be synchronized when running in batch mode resolves bug
222274	3.5K	CSV Logger view needs better look and feel Better look and feel
222282	1.0K	CSV Logger output folder time data are off

		resolves bug
<u>222314</u>	12.1K	Need Documentation for use of CSV Logger Logger Documentation
Wakana	Kirihata	a (columbia.edu)
<u>239157</u>	10.7K	Need to be able to fit model Parameters to data in Analysis perspective Polynomial Drivative
<u>239157</u>	6.9K	Need to be able to fit model Parameters to data in Analysis perspective New averaging method
<u>239157</u>	7.9K	Need to be able to fit model Parameters to data in Analysis perspective std of average parameters
239157	30.1K	Need to be able to fit model Parameters to data in Analysis perspective SEIR patch
<u>239157</u>	6.9K	Need to be able to fit model Parameters to data in Analysis perspective SI patch
239157	71.8K	Need to be able to fit model Parameters to data in Analysis perspective SI patch 2
<u>239157</u>	34.1K	Need to be able to fit model Parameters to data in Analysis perspective added class for nonlinear SEIR fit
<u>239157</u>	34.1K	Need to be able to fit model Parameters to data in Analysis perspective Nonlinear SEIR class
Justin L	essler (p	ostalmodern.com)
<u>191531</u>	395	Stop button should have a square icon New icon, square stop button
<u>191531</u>	865	Stop button should have a square icon New stop image
<u>191531</u>	395	Stop button should have a square icon New iconattempt two
<u>191531</u>	865	Stop button should have a square icon Use this one
<u>191531</u>	1.3K	Stop button should have a square icon One more try
<u>191531</u>	430	Stop button should have a square icon New icons and updated reference
<u>191531</u>	430	Stop button should have a square icon New icons and updated referneces (same as above, as a patch)
<u>191531</u>	865	Stop button should have a square icon New disabled stop

<u>235608</u>	10.5K	US Transport System Not Functional patch to fix this
235608	10.8K	US Transport System Not Functional Patch with fix that passes assertion tests
Yossi M	lesika (il	.ibm.com)
208280	14.2K	Need to implement Map Menu Items to control creation of report views from location click Added map menu for controlling reports
208280	14.3K	Need to implement Map Menu Items to control creation of report views from location click Patch for supporting the new feature
208280	27.5K	Need to implement Map Menu Items to control creation of report views from location click Patch file for this bug
210201	5.5K	Update reports help with changes in bug #208280 Update to the reportview.html help file
210201	37.3K	Update reports help with changes in bug #208280 Updates to the help documentation
<u>210201</u>	30.9K	Update reports help with changes in bug #208280 Image file for the help
Nelson	(us.ibm.c	com)
<u>181041</u>	1.4K	The ISO codes for Montenegro (CGR) may be incorrect Patch to but 181041
<u>181041</u>	5.9K	The ISO codes for Montenegro (CGR) may be incorrect Patch that refactors CGR to MNE
Roni Ra	ım (il.ibr	n.com)
<u>259739</u>	55.1K	New feature for the analysis perspective Patch for the new feature
Peter Sc	hwarz (a	llmaden.ibm.com)
<u>245990</u>	18.2K	Duplicate dates occasionally appear in the output files. Sample output file w. duplicate dates
Eishay Smith (us.ibm.com)		
<u>197351</u>	11.3K	StochasticSEIRDiseaseModelTest patch StochasticSEIRDiseaseModelTest functionality
<u>197351</u>	18.9K	StochasticSEIRDiseaseModelTest patch new patch
<u>197351</u>	18.9K	StochasticSEIRDiseaseModelTest patch update to the patch

<u>197351</u>	20.8K	StochasticSEIRDiseaseModelTest patch update to the patch				
John Th	John Thomas (gmail.com)					
<u>173676</u>	4.7K	Create OHF STEM web page updated version of the main web page				
<u>175931</u>	759	Stem Project dependencies need resolution Part of the fix for 175931 -dependencies on junit tests				
<u>175941</u>	3.8K	Implement the Eclipse update mechanism in STEM Zip file to create 2 new projects in STEM				
<u>175941</u>	5.1K	Implement the Eclipse update mechanism in STEM org.eclipse.ohf.stem.feature				
<u>175941</u>	6.1K	Implement the Eclipse update mechanism in STEM org.eclipse.ohf.stem.feature.prereq				
<u>175941</u>	7.0K	Implement the Eclipse update mechanism in STEM org.eclipse.ohf.stem.ui				
<u>175941</u>	26.2K	Implement the Eclipse update mechanism in STEM updated features				
<u>175941</u>	6.1K	Implement the Eclipse update mechanism in STEM feature.prodcut				
<u>175941</u>	1.9K	Implement the Eclipse update mechanism in STEM updates to feature.xml				
<u>176541</u>	6.7K	Display polygon on GoogleEarth based on InternalMap selection patch to org.eclipse.ohf.stem.ui project				
<u>176541</u>	27.1K	Display polygon on GoogleEarth based on InternalMap selection patch to generate thumbtack in GE when MapView clicked				
<u>176541</u>	720	Display polygon on GoogleEarth based on InternalMap selection add geography as requirement				
<u>176541</u>	970	Display polygon on GoogleEarth based on InternalMap selection fix method signature in junit test				
<u>176541</u>	10.6K	Display polygon on GoogleEarth based on InternalMap selection add code in the ui.ge project to implement change				
<u>176932</u>	1.5K	Make the initial perspective "Simulation" with properly sized windows Change default perspective to Simulation				
<u>176932</u>	2.3K	Make the initial perspective "Simulation" with properly sized windows Changes to Simulation Perspective				
<u>178389</u>	3.7K	SimulationControl not updating cycle # and Time cleanup of references to sequencer				
<u>178613</u>	19.4K	Readjust horizontal scrollbar on simulation control to avoid clipping of				

		its contents Fix fro problems when resizing window
<u>179040</u>	8.9K	GoogleEarth ends up with 2 copies of the network link file Fis for multiple kml files and fix for 209427
<u>180021</u>	752	GE Debug option is defaulting to ON patch for this bug
<u>180538</u>	1.1K	Warning messages from newly build system remove swt dll from build.properties
<u>180592</u>	4.9K	org.eclipse.ohf.stem.ui.reports no longer works First set of fixes for the reports vies
<u>180592</u>	3.9K	org.eclipse.ohf.stem.ui.reports no longer works More additions to stem.product
<u>180592</u>	4.2K	org.eclipse.ohf.stem.ui.reports no longer works Code fixes for ui.reports
<u>181359</u>	3.5K	move method from junit test file to where it is actually used addition of serializeIdentifiable() to IdentifiableRecord
<u>181477</u>	1.7K	GE - Test for GE not installed puts out wrong message fis for error message if GE not installed
<u>181860</u>	13.9K	Most Geographic names are all UPPERCASE revised ZMB
<u>181860</u>	318.0K	Most Geographic names are all UPPERCASE revised countries V - Z
<u>181860</u>	2.2K	Most Geographic names are all UPPERCASE revised levle 1 names
<u>181860</u>	116.7K	Most Geographic names are all UPPERCASE revised T-U
<u>181860</u>	240.7K	Most Geographic names are all UPPERCASE revised M - O
<u>183092</u>	4.5K	Remove the need for defining ant variables eclipse.home2 and eclipse.contrib New update.xml
<u>184134</u>	6.9K	Warning messages generated by Eclipse 3,.3 need to be fixed. fix warning (extra ;) ohf.stem.ui project
<u>184134</u>	1.0K	Warning messages generated by Eclipse 3,.3 need to be fixed. fix1
<u>184134</u>	664	Warning messages generated by Eclipse 3,.3 need to be fixed. fix 2
<u>184134</u>	564	Warning messages generated by Eclipse 3,.3 need to be fixed.

		fix 3
<u>184134</u>	530	Warning messages generated by Eclipse 3,.3 need to be fixed. fix 4
<u>184134</u>	3.4K	Warning messages generated by Eclipse 3,.3 need to be fixed. fix 5
<u>184134</u>	637	Warning messages generated by Eclipse 3,.3 need to be fixed. fix 6
<u>184134</u>	536	Warning messages generated by Eclipse 3,.3 need to be fixed. fix 7
<u>184134</u>	626	Warning messages generated by Eclipse 3,.3 need to be fixed. fix 8
<u>184135</u>	12.4K	Disease not spreading into Pakastan in Asian Scenarios PAK population
<u>184238</u>	131.8K	COD/ZAR confusion in data set updates to fix the ZAR->COD plus other - Part 1
